ROOFTOP SLEEPER SUPPORT

Rooftop Sleeper Support is a MIRO brand with a Saddle Support that allows for affordable and easy rooftop support installation. The base features a pipe saddle to allow for quick installation of pipe up to 3". Strut may be easily added by screwing directly into the durable plastic base, allowing for many different configurations.

Saddle Support

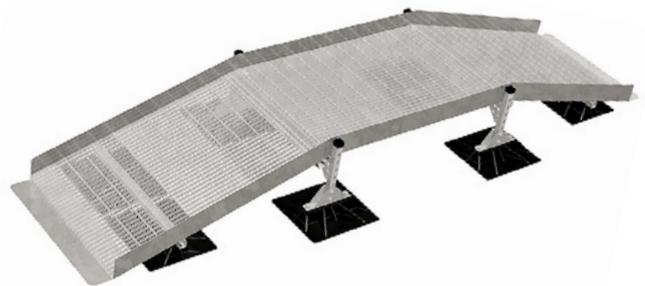

MIRO RAMPS, STAIRS, & PLATFORMS

MIRO has many rooftop access solutions designed to meet your site and OSHA standards.

- MIRO Bridge Crossovers can span across pipes, cable trays, or other obstructions.
- MIRO Ramps are perfect for spanning cable trays or other small obstructions.
- MIRO Service Platforms can be installed for access to electrical junction boxes or other rooftop equipment.
