

## ROOFTOP SOLAR SUPPORT SYSTEMS

### WHO WE ARE

For over 30 years, MIRO Industries, Inc. has been recognized as the industry leader with rooftop support systems in commercial and industrial mechanical supports.

MIRO specializes in pre-manufactured and custom engineered non-penetrating rooftop support systems for pipe, conduit, duct, mechanical, solar and crossovers.

### OUR SERVICES

MIRO Engineers have designed a turn key universal non-penetrating solar panel support system for the mounting of stand alone, grid connect, and ground installation panels.

- Easy Installation
- 20 Year Warranty
- Made in the USA
- Custom engineering available upon request
